

“Strength Never Looked So Beautiful”

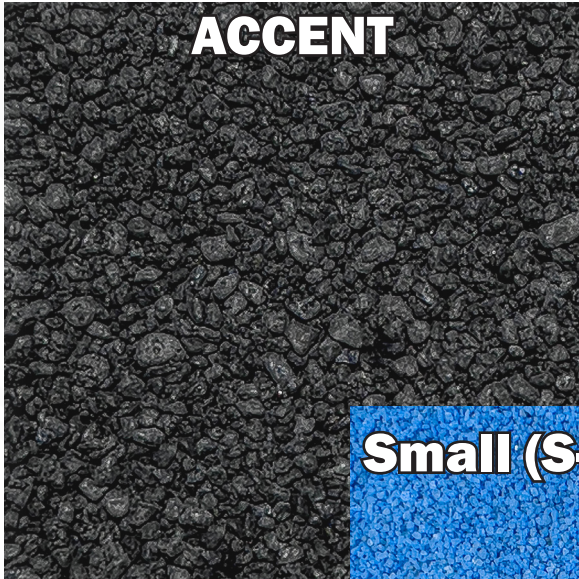

AquaGems colored ceramic aggregates are perfect for stylistic designs, or as a plaster additive to provide beauty and increased strength. Made of durable quartz aggregates, AquaGems are uniquely colorfast to provide beauty that lasts year after year.

Aqua gems

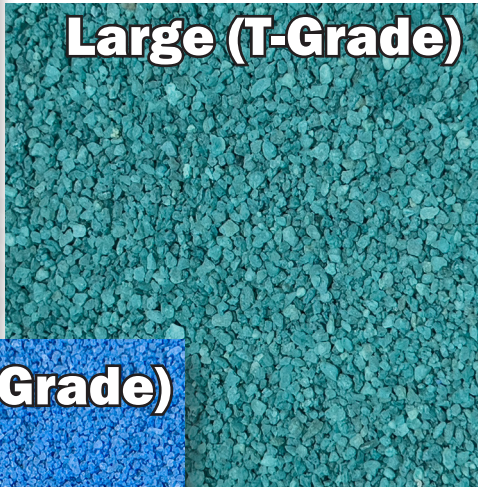

AquaGems' superior strength actually increases the durability of plaster finishes for pools against harsh chemicals, wear, and tear, and unforgiving weather.

AquaGems

ACCENT

Standard Sizes Available:

Large (T-Grade)

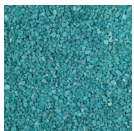

Small (S-Grade)

- ✓ (10) Ten-Year Performance Warranty
- ✓ Lasting Attractiveness
